*The reviews are in!*  
Patients love the great taste of Kolorz, dental hygiene products developed in conjunction with leading experts from the food industry.

**Eastside Dental: A Tasty Surprise!**

**For Kolorz Dental Products**

Great taste is not something this reviewer ever expected to experience at a dental check-up. But, now that we've had a taste of **Kolorz dental products**, we'll be making reservations instead of appointments at the dentist's office from now on! My clinician's selection of the day, Kolorz Cherry Burst prophylaxis paste, made our cleaning an absolutely delicious (and splatter-free) experience. Also on the Kolorz menu are Sixty Second Fluoride Foam, Neutral Fluoride Foam, Sixty Second Fluoride Gel, and Topical Anesthetic Gel. The Kolorz culinary breakthrough, it seems, is actually cooked up with the assistance of food industry pros! It's not surprising that the company serving up this gourmet treat is Zenith Dental, the name behind dentistry's best-known restorative products. When you combine great taste with the quality Zenith is known for, this reviewer will definitely be coming back for seconds!
